Fax: 713-465-3135

Our Home Safe Program is dedicated to serve the residents of both Spring Valley and Hilshire Villages. The Program is designed to assist our Officers if they come into contact with individuals who have physical or cognitive impairments (i.e. Alzheimer's, Autism, Dementia, etc.) and are unable to interact with first responders. By collecting the information in advance of any wandering or missing events, officers can check for the information using the person's physical description and photograph to determine who they are and reunite them with their loved ones.

Participation in the Program is voluntary, easy, and free of charge. Applications are available online at www.springvalleytx.com/Departments/Police.

- 1. Please fill out the application completely for the loved one you wish to register;**
- 2. bring the completed form to the Spring Valley Village Police Department; and**
- 3. provide us at least one recent photograph of your loved one.**

For additional information, please contact Lt. Carlos Menchaca at 713-465-8323 or by email at homesafe@springvalleytx.com
